Dear London Police Service,

I am the recipient of the London Police Service Award. I would like to express my genuine appreciation for your continued support to students in the Police Foundations Program at Fanshawe College. This award inspires me to reach my goals and it is an honor to be recognized for my achievements.

When I was finishing high school, I did not have the support or guidance to go to college but I always dreamt of one day becoming a police officer. I have always wanted to help people in any way I can. It is such a rewarding feeling making someone smile, even just for a minute. After going through some rough times in my life, I finally found the support and guidance I needed in my husband, Ryan Cheverie. Together we built up my confidence and courage to apply to the Police Foundations Program at the age of 28. The decision to apply was one of the best decisions I have made, thus far, because it has led to me receiving this award and becoming closer to my dream of a career in policing.

Thank you again for your continued support and for presenting me with this award. It means a lot to me, as it has motivated me to always continue learning in everything that I do and never stop trying to carry out my goals/dreams.

Sincerely,

Jennifer Cheverie
